

NETCOM GROUP HIGHLIGHTS

ISO 9001-2008 Certified

DUNS: 02-517-5444 CAGE: 3DPM4

GSA Schedule 70: GS-35F-0478V

NETCOM Group is a small, minority owned, SDB firm headquartered in Springfield, Virginia, twenty miles from Washington DC. Our government division specializes in IT consulting, IT staffing and Program/Project Management. We staff our engagements with highly experienced and self-motivated professionals who support customer requirements. Our strength lies in our ability to provide the people, processes and technology to assist our clients in achieving optimum results. We have the flexibility to support both large and small engagements with top tier talent.

NETCOM Group's clients include General Services Administration (GSA), Department of Health and Human Services, Centers for Medicare and Medicaid Services (CMS), Department of Veterans Affairs and Department of Homeland Security (DHS).

Contract Highlights

Department of Health and Human Services/Centers for Medicare and Medicaid (HHS/CMS)

As a prime contractor, we provide web hosting services for CMS's Product Ordering Website using the Software as a Service (SaaS) model. We were also awarded two contracts to upgrade existing databases using Microsoft technologies.

General Services Administration (GSA)

We support GSA's Lease Management Division's program and project management needs in the areas of construction management, leasing contract management and construction quality management (CQM).

Veterans Affairs (VA)

As a prime contractor on Innovations Project 94, NETCOM successfully developed and delivered Vista extraction routines using MUMPS and built a cancer screening and surveillance registry using SQL Server Reporting Services.
