

NETCOM Group is an SDB certified firm headquartered in Springfield, Virginia.

Our government division specializes in comprehensive IT Services, Staff Augmentation and Program/Project Management. NETCOM's staff is comprised of highly experienced and self-motivated professionals supporting diverse customer requirements.

Our **ISO 9001:2015** processes and technology backbone provide the opportunity to yield optimum results for our clients' organizations. NETCOM has the capabilities of a large organization with the flexibility and attention of a small partner.

"I appreciate your dedication and hard work on the website."

- Director, Marine Corps Community Service

CONTRACT SPOTLIGHT

General Services Administration (GSA)

We currently supply Construction Management services to GSA Regions 2 and 3. We recently completed multiple contracts with GSA/NCR/PBS that covered Lease negotiation and acquisition as well as project management of build-to-order or turnkey services.

WMATA

Through our highly skilled Database Administrator, we currently provide Identity and Access Management (IAM) for the Washington Metropolitan Area Transit Authority system.

Broadcasting Board of Governors

NETCOM currently staffs over 100 broadcasters, producers and other multi-media positions to the Broadcasting Board of Governors, Voice of America (BBG/VOA). The staff work side-by-side to complement the work of government employees to create, produce and air television, radio and web casts. NETCOM also provides Project Management along with Administrative Support in order to coordinate and manage workforce increases, attrition, hours, and duties.
